

Global Learning: Connection

Reflective Project Assignment and Rubric

Assignment

You will complete a reflective project that you conceptualize and construct throughout the course to help you reflect on an aspect of your study abroad experience. The goal of the project is to incorporate all learning aspects of your global experience into a product that will be useful to you in future professional, academic or personal endeavors. The project should highlight the skills you've gained, tell an impactful story of your time abroad, a theme that impacted you, build on your experience, and/or sets you up for further development. This project must be pre-approved by the instructor through submitting a reflective project proposal.

Project Options

- Digital Story
- Video Project (2-5 minutes)
- Creative Project - Medium of Choice. Examples of past creative medium projects include:
 - A series of short story/poem highlighting an experience abroad
 - A presentation designed to encourage others to 'go global'
 - Photo collage designed around a theme of similarities and differences in your culture and your host culture
 - Photography/painting exhibit pieces with short reflections accompanying each photo
