

## Completing General Education Requirements with an International Studies Major

The International Studies (ISM) program is an interdisciplinary, secondary major at NDSU that provides students with the opportunity to 'internationalize' their degree through dedicated course work, language proficiency, a study abroad experience, and an integrative senior project.

Many of the courses required for the ISM will also count toward general education requirements, allowing students to effectively 'double up' on classes and making for an efficient academic career. It is easy to make International Studies fit with your primary major! Below, you will find the ISM courses that also count toward NDSU general education requirements.

If you have any questions, or for more information about the major, contact the ISM director, Dr. Jeanne Hageman, 701-231-8845 [jeanne.hageman@ndsu.edu](mailto:jeanne.hageman@ndsu.edu).

### NATURAL SCIENCE (SN)

BIOL 124	Environmental Science
BIOL 124L	Environmental Sci Lab
NRM 225	Nat' Resource & Agro-Ecosys
PLSC 110	World Food Crops

ANTH 111	Intro to Anthropology
COMM 216	Intercultural Comm
INTL 110	Intro to Intern'l Studies
POLS 220	International Politics
POLS 225	Comparative Politics

### HUMANITIES AND FINE ARTS (A)

ARCH 321	Hist & Theory of Arch I
ARCH 322	History of Architecture II
ADHM 410	Dress in World Cultures
